Notes

Quality Covers Floor Protection Board Sheets is not suitable for newly laid floors that still have to breathe or harden, in which case we recommend Quality Covers Breathable liner.

Floor Protection Board Sheets are not resistant to aggressive substances, the surface must be permanently dry, clean, free of dust and solvents. If the Floor Protection Board Sheets is damaged (e.g. by reuse), it must be replaced.

Our application recommendations are to support the buyer or processor and are based on our testing and experience. You are responsible for checking the suitability for the intended purpose, for example by testing on a small area. The manufacturer assumes no liability for any damage that may occur.
