

SELF-ADHESIVE BREATHABLE LINER

Datasheet

Quality Covers Self-adhesive Breathable liner is the solution for floors that still need to dry, cure or breathe. If freshly laid or freshly bonded floors are not allowed to harden or breathe, crystallization will occur. This can lead to color differences or peeling. Breathable fleece offers excellent protection against this.

Specifications	
Dimension	1x25m
Weight	180 gr/m ²
Vapor permeability	1,25 ltr/ 24 uur/ m ²
Packaging	Bagged goods on Euro pallet
Color	Light blue and/or white
Usability	Max. 3 months (up to 40°C)
Storage	Dry and protected from moisture, preferably in the original packaging
Shelf life	Max. 12 months (store at room temperature, cool and dry)

Area of application

- Freshly laid marble, ceramic, tile and natural stone floors
- Freshly bonded wood, parquet and laminate flooring
- High-quality subfloors
- Non-flat subfloors such as stairs
- Indoor use

Properties

- Breathable and moisture-wicking
- The ventilating effect ensures optimum moisture regulation
- Top side is impermeable
- Self-adhesive layer on the underside
- Leaves no adhesive residue
- High puncture resistance
- Shock-absorbing
- Tear and abrasion resistant
- Low weight

SELF-ADHESIVE BREATHABLE LINER

Datasheet

Application

- The substrate must be dry, clean and dust-free
- Switch off the underfloor heating
- Lay the breathing fleece flat on the subfloor with the self-adhesive side facing downwards
- Overlap by 10 cm
- Always test beforehand whether the product is suitable for the substrate

Notes

Breathable fleece is not resistant to aggressive substances; the substrate must be permanently dry, clean and free of dust and solvents. If the breathable fleece is damaged, it must be replaced.

Our application recommendations are to support the buyer or processor and are based on our testing and experience. You are responsible for checking the suitability for the intended purpose, for example by testing on a small area. The manufacturer assumes no liability for any damage that may occur.
